

This is a legally binding agreement between the person requesting these trial fonts (“you”) and Signal Type Foundry Limited (“us”). By installing the trial fonts you have requested from us (“the fonts”), you agree to the terms below. This agreement can only be amended by a written document duly executed by both you and us.

Please read this agreement carefully, and save it for future reference.

1. Ownership

This agreement gives you the right to use these fonts, but only as specified below. **You don’t own the fonts. We do.**

2. Copyright

The fonts are copyrighted and contain our intellectual property. You agree to take all reasonable precautions to keep them secure and safe from unauthorised use.

3. This license allows you to do the following:

- Install the fonts for use by **no more than five users**. All these users must belong to a single organisation or household.
If you install the fonts on a server, everyone with access to that server counts as a user, whether they use the fonts or not.
- Use the fonts for testing and trial purposes as well as for paid and unpaid pitches. **You may not use the fonts in any final files for any project, commercial or non-commercial, without buying an appropriate license from us.**

4. You agree never to do the following:

- **Sell, rent, share, or make the fonts accessible to anyone not covered by this license**, including freelance designers, independent contractors, temporary workers, and clients.
- Transfer or resell this font license agreement.
- Modify the fonts in any way, including converting from one font format to another, without our written permission.

- **Use the fonts to produce any final production files of any kind.**
- Use the fonts with any technologies which permit third-party access to the font files.

5. Termination

If you violate this agreement, we can end it without notice and legally require you to delete all copies of your font files. We also have the right to pursue other legal remedies, including suing you for damages. That said, if you exceed the terms of the agreement by accident, we’ll always begin by trying to help you to get back in compliance, either by limiting your actual usage or upgrading your license.

You can only terminate this agreement by destroying all copies of the fonts.

6. Liability

We work very hard to make our fonts technically impeccable. Nevertheless, they are delivered “as is,” without warranty of any kind. You assume the entire risk of the quality and performance of the fonts. You waive both the implied warranty of fitness and the implied warranty against infringement of third-party rights. We are free of any liability for costs, damages, or other losses arising from use of the fonts, including third-party claims against you.

7. Separability

If any part of this agreement turns out to be unenforceable, the rest remains in force.

8. Governing Law

This contract is governed by the laws of the Republic of Ireland.

If you have questions, or want to upgrade your license, please feel free to email us at hello@signalfoundry.com.
